PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building React, Next.js, MERN, and Django applications. Skilled in e-commerce platforms, REST APIs, authentication, and payment gateway integration. Passionate about writing clean, scalable code and delivering high-performance user experiences.

TECHNICAL SKILLS

Front-end: HTML, CSS, JavaScript, React.js, Next.js
Back-end: Node.js, Express.js, Python, Django
Databases: MySQL, MongoDB
Payments & Auth: Stripe, Razorpay, PayPal, Clerk
Tools & Platforms: Git, GitHub, Cloudinary, Inngest
Concepts: RESTful APIs, Authentication & Authorization, CRUD, MVC Architecture, Responsive Design

PROFESSIONAL EXPERIENCE

Awerum Software

Software Developer Trainee

Jun-2024 - Nov-2024

- Developed and optimized web application features using **React.js, Node.js, and JavaScript**, improving overall performance and user experience.
- Identified and resolved bugs, enhancing system stability and reducing user-reported issues.
- Participated in **code reviews**, improving code quality, readability, and maintainability.
- Collaborated with cross-functional teams to deliver user-focused solutions on time.

PROJECT EXPERIENCE

Next.js Full Stack E-Commerce Application 

Tech Stack: Next.js, MongoDB, Clerk, Inngest, Cloudinary

- Built a full-featured e-commerce platform with **admin panel**, product and order management.
- Implemented **authentication and authorization** using Clerk.
- Integrated **background jobs** using Inngest for automated workflows.
- Optimized image handling using Cloudinary, improving page load performance.

MERN Stack E-Commerce App 

Tech Stack: MongoDB, Express.js, React.js, Node.js

- Developed a complete MERN-based e-commerce platform with secure user authentication.
- Integrated multiple payment options including **Stripe, Razorpay, and Cash on Delivery**.
- Implemented dynamic product listings and cart functionality.

Django E-Commerce Application 

Tech Stack: Django, Python, MySQL, PayPal

- Built a responsive e-commerce application using Django.
- Integrated **PayPal payment gateway** for secure transactions.
- Optimized application performance and improved user navigation.

Food Delivery App (React.js) 

Tech Stack: React.js

- Implemented product listing, cart functionality, and order summary features.
- Used **local storage** to persist cart data across sessions.

Mini Projects(React & Javascript)

- React:** Weather App , Notes App 
- JavaScript:** Expense Tracker , Language Translator , Movie Search App , Quiz App , To-Do List 
- Games:** Tic Tac Toe , Image Puzzle , Sudoku , Emoji Click Game 
- MERN:** Employee Management System 

EDUCATION

Pollachi Institute of Engineering and Technologies

Bachelor of Engineering Computer Science - 7.28

Aug-2017 - Apr-2021

CERTIFICATE
